

Job Posting

Help Desk Intern

Location: Milwaukee
Schedule: 20-40 hours per week

Job Overview:

The Help Desk Intern will assist the Network Technicians and System Administrators with the following accountabilities:

- Deploying replacement PCs throughout Badger Meter's Milwaukee facility
- Replacing end of life equipment
- Moving user profile information from old to new and installing additional software, printers or special peripherals as required.
- Documentation and inventory control over new and old equipment

Minimum Requirements:

- Currently pursuing a degree in Information Technology or related field
- Proficient with Microsoft Operating systems

Interested Candidates should submit their resumes to careers@badgermeter.com with the subject "Help Desk Intern"
