

Find a Fellowship

Enriching experiences, exploration of aquatic science in real-world settings, plus mentoring and stipends—find a fellowship that fits your interests. Wisconsin Sea Grant/Water Resources Institute is pleased to highlight these 2016 and 2017 opportunities.

Dean John A. Knauss Marine Policy Fellowship seagrant.noaa.gov/FundingFellowships/KnaussFellowship/ProspectiveFellows.aspx

This competitive Sea Grant program provides a one-year internship either on Capitol Hill or with a federal agency in the Washington, D.C., area. Apply by Feb. 12, 2016.

Great Lakes Commission-Sea Grant Fellowship glc.org/about/scholarships-fellowships/

This fellow works with members of the Great Lakes' science, policy and information/education communities to advance the environmental quality and sustainable economic development goals of the Great Lakes states. Apply by Feb. 15, 2016.

National Marine Fisheries Service/Sea Grant Joint Graduate Fellowship Program

seagrant.noaa.gov/FundingFellowships/NMFSSGFellowship.aspx

This fellowship is open to U.S. citizen Ph.D. candidates who wish to pursue work in population dynamics and marine resources economics in a summer experience under the supervision of the National Marine Fisheries Service. Check the website for deadline information, anticipated late January.

NOAA Coastal Management Fellowship coast.noaa.gov/fellowship/

This two-year fellowship provides on-the-job education and training opportunities in coastal resource management and policy for postgraduate students. Apply by Jan. 22, 2016.

J. Philip Keillor Wisconsin Coastal Management-Sea Grant Fellowship

Wisconsin Sea Grant and Wisconsin Coastal Zone Management programs are excited to announce a new fellowship for postgraduate students, named in honor of Phil Keillor, an esteemed Great Lakes coastal engineer who worked nearly 30 years for Wisconsin Sea Grant. This one-year fellowship provides on-the-job education and training opportunities in coastal resource management and policy for a postgraduate student who will be placed at the Wisconsin Coastal Management Program. Check our **website** for more information in early 2016.

Wisconsin Water Resources Policy Fellowship

Wisconsin Water Resources Institute is teaming up with the Wisconsin Department of Natural Resources to providethis one-year fellowshi. This opportunity provides on-the-job training in water resources at the DNR with a strong focus on groundwater science and policy and support to Wisconsin's Groundwater Coordinating Council. Check our **website** for deadline information in early 2016.

Further details can be found at the "students" tab at **seagrant.wisc.edu**.
